Product Instruction Manual

I. Product Overview

This product is for home/commercial use, made with furniture-specific materials and meeting furniture safety and quality standards.

II. Instructions for Use

1. Ensure the ground is level and the furniture structure is stable and free from wobbling during installation/placement.

2. Have a professional install the furniture according to the drawings, ensuring all connections are securely tightened.

3. Load the furniture with appropriate weight; do not overload it to prevent tipping or breakage.

III. Cleaning and Maintenance

1. Wipe with a dry cloth/special furniture cleaner; avoid soaking in water.

2. Regularly check the tightness of connections and adjust as needed.

3. Avoid direct sunlight and humid environments to prevent deformation, cracking, and mold.

IV. Precautions

1. Children should be supervised by adults when using the furniture to prevent injuries from pinched fingers or tipping over.

2. Keep away from fire and sharp objects to prevent surface damage and fire risk.

3. Do not disassemble or modify the furniture structure without authorization.
